I'm of Buddhist mind. But defend the rights of all Christian brothers and sisters. God is about love, compassion and forgiveness. Having said that. . . I am not a monk. I am willing to go to war against radical Islam evil. A war between good and evil must happen. To be kind and of good heart does not mean I

Thank you Latina For Trump for posting this, the lame stream media REFUSES to cover it. This will go down as a very black mark on American history, having a disgusting president who not only ignored the genocide BUT HELPED KEEP IT GOING.

Ovomit (with all due respect) has help the genocide BY DOING NOTHING AND KNOWING WHAT WAS GOING ON. This has been going on for the entire time Ovomit (with all due respect) has been in office, he needs to be brought to justice.

Trump has been talking about this since June 16, 2015 and yet Obama has done nothing to defend the Christians. This country only defends Muslim's under Obama and I can't wait for TRUMP to take the election and protect the Christians, killing off ISIS. I pray TRUMP tries Obama, Merkel, Kerry and the Pope with treason or war

This acceptance that they do the killing and we do the dying has got to stop. I say it is time to bring "Death to Islam". If a Muslim is not killing a Jihadist ISIS Terrorist he can not be trusted.

Right on Latina for Trump. Muslims should stay right where they are. We don't need that here. Muslims are vicious like Mayor Khan. But Obama wants to let them in!

Thank you for producing this video. We must support leaders that will protect Christ's sheep. We must speak out for those that cannot protect themselves from this Antichrist, Sharia law and Islam. If you shed tears as you watched this, you know the Holy Spirit of God is grieved for his lambs. We must speak out.

+William Tyndale You're welcomed. I hope it gets a lot of views. We need to raise awareness. Its heading towards America next unless we get Trump in. He can hold it off for a while.
